Dear Sir or Madam,

We are submitting an ECA Fuel Oil Non-Availability Report (FONAR) for our ship the ms Oosterdam (IMO Number 9221281), who will arrive in the North America Emission Control Area on April 27, 2013. The ms Oosterdam, was home-ported in Seattle in the summer of 2012, but has been sailing in Australia and New Zealand during the fall of 2012 and the winter of 2013. She will be repositioning back to U.S. waters for her Alaska summer sailing season, and will arrive in Nawiliwili, Kauai on April 27<sup>th</sup>. Her voyage plan is included in Attachment A.

Fuel for the global operation of our ships is procured by our parent company, Carnival Corporation. Our fuel procurement team indicates that ECA complaint fuel is not available in Australia or New Zealand, nor in her first port of call in Nawiliwili, Kauai on April 27<sup>th</sup>. The list of contacted fuel suppliers is included in Attachment B.

ECA compliant fuel is not available in Nawiliwili, Kauai. However, we will bunker ECA-complaint fuel during her second port call in Honolulu, Hawaii on April 28<sup>th</sup>. At a distance of at least 24 nautical miles from Nawiliwili, we will switch to marine diesel oil (MDO) and will burn MDO while in port in Nawiliwili, while in transit to Honolulu, and while in port in Honolulu, until we can burn ECA-compliant low sulfur fuel oil after it is bunkered there.

This FONAR contains:

- i. Completed ECA FONAR form entered into the DCX database.
- ii. The vessel voyage plan in attachment A.
- iii. List of contact information for fuel suppliers referenced in the form in Attachment B.

I certify under penalty of law that the statements and information made herein are, to the best of my knowledge and belief, true and complete.
